

RAHMA ELSAYED SHAHIN

DATA ANALYST | DATA VISUALIZATION & STORYTELLING | CONTENT CREATOR

Egypt, Damietta | rahma.elsayed.shahin@gmail.com | www.linkedin.com/in/rahma-elsayed-shahin
<https://github.com/RahmaShahin05> | <https://rahmashahin05.github.io/Portfolio/>

Data Analyst with hands-on experience in data cleaning, analysis, and visualization using Excel, Power BI, Python, and SQL. Skilled in building interactive dashboards, extracting actionable insights, and supporting data-driven decision-making. Experienced in freelance data projects and passionate about combining data analysis with storytelling to communicate insights clearly and effectively. Currently developing practical skills through training and real-world projects.

EDUCATION

Bachelor of Information Technology Management Graduation-July 2027
Faculty of Management Technology and Information Systems — Port Said University

TRAINING & INTERNSHIPS

Data Analysis Trainee NTI -Aug 2025 – Oct 2025

- Analyzed datasets using Python, SQL, and Excel to improve data quality and support decision-making.
- Built interactive dashboards using Power BI and Tableau for data visualization and reporting.
- Applied data cleaning and preprocessing techniques to prepare structured datasets for analysis.
- Automated repetitive analysis tasks, improving workflow efficiency and reducing manual effort.

SKILLS

- Technical Skills:** Python, SQL, MySQL, Data Cleaning, Data Visualization, C++ **BI**
- Tools:** Excel, Power BI, Tableau, Google Sheets, Pivot Tables, Dashboards
- Business & Analytical Skills:** Business Analysis, User Needs Understanding, Marketing Fundamentals, Entrepreneurial Mindset
- Leadership Project Management:** Project Coordination, Communication, Task Management, Leadership, Decision Making
- Media & Presentation:** Microsoft PowerPoint, Storytelling for Presentations, Presentation Skills, Content Writing, Technical Presentation
- Soft Skills:** Problem Solving, Time Management, Flexibility, Self-Learning

CERTIFICATIONS

- CS50 — Introduction to Computer Science** | Harvard University edX | 2024
- AI & Machine Learning (35 hrs)** | Creativa — Port Said December 2024
- Freelance Flutter Development (41 hrs)** | Creativa — Port Said November 2024
- Data Analysis Training Program** | National Telecommunication Institute (NTI) 2025
- Introduction to Career Skills in Data Analytics** | LinkedIn Learning 2025
- Social Media Marketing (30 hrs)** | Information Technology Institute (ITI) August 2025
- InnovEgypt — Entrepreneurship & Startup Fundamentals** | ITIDA / TIEC 2024
- Certificate of Appreciation — ICPC PSU Community** | ICPC Community 2024
- Certificate of Appreciation — College Reading Club** | Port Said University 2024–2025
- Participation & Contribution — Student Activities** | Port Said University 2024–2025
- Harduino Student Activity Participation** | Port Said University 2024–2025

PROJECTS

Global Superstore – Sales Performance Dashboard (Power BI) Business Intelligence & Data Analytics Project

- Built an end-to-end **Power BI dashboard** analyzing sales, profit, product performance, and customer behavior.
- Designed a **Star Schema data model** for accurate relationships and scalable analysis.
- Developed **DAX measures** for KPIs including Total Sales, Total Profit, Profit Margin, Average Discount, and Customer/Product Rankings.
- Analyzed regional profitability, discount impact, and customer concentration to uncover key business drivers.
- Identified loss-generating products and regions, providing data-driven recommendations to improve pricing and discount strategies.
- Created interactive dashboards with slicers, drill-through, and custom tooltips to enhance user experience and insights exploration.

Tools: Power BI, DAX, Data Modeling, Business Analysis, Data Visualization

GitHub: <https://github.com/RahmaShahin05/PowerBI-Sales-PerformanceDashboard>

Telecom Customer Analysis

- Conducted **exploratory data analysis (EDA)** on customer datasets to identify churn patterns and segment customers using **Python, SQL, and Power BI/Tableau**.
- Built interactive dashboards to visualize trends, enabling data-driven decisionmaking.
- Automated data cleaning workflows, **reducing manual preprocessing time by 25%**.

Sales Forecasting Project

- Developed predictive models to forecast monthly sales using historical data with **Python and Excel**.
- Applied data cleaning, feature engineering, and visualization techniques to present actionable insights.
- **Improved forecast accuracy by 15%**, supporting strategic planning.

Brew Haven Café – Customer & Sales Analysis

- Analyzed transaction data to identify best-selling products, revenue trends, and daily performance using **Excel, Google Sheets, Pivot Tables, and Data Visualization**.
- Built interactive dashboards summarizing total revenue, top items, and seasonal demand.
- Generated actionable insights to support pricing, menu optimization, and marketing planning.

Golden Crust Bakery – Marketing & Revenue Dashboard

- Analyzed conversions, ad-spend, and revenue across multiple channels and months using **Excel, Google Sheets, Pivot Tables, Data Cleaning, and Charts**.
- Calculated KPIs including Revenue per Conversion, Returning vs New Customers, and Top-Performing Days.
- Delivered insights and recommendations that help optimize ad budget allocation and improve ROI.

Style Avenue Boutique – Loyalty & Sales Performance Dashboard

- Segmented customers based on loyalty program usage and purchase behavior using **Excel, Google Sheets, Pivot Tables, and Functions (IF, AVERAGEIF, INDEX)**.
- Compared average spend between loyalty vs non-loyalty users and identified top-selling categories and seasons.
- Produced dashboards to support customer retention strategies and targeted marketing campaigns.

VOLUNTEERING & ACTIVITIES

Content Team Leader **Graduation-July 2027**

- Oversaw content creation and organization for club activities. Guided team members in developing and curating educational materials, promoting knowledge sharing and engagement.

Secretary Team Member **ICPC PSU Community | December 2025**

- Coordinated schedules, documentation, and communication to support smooth team operations.

Operations Volunteer **ICPC PSU Community | March 2023 – December 2025**

- Assisted in planning and executing coding competitions, ensuring smooth operations and participant satisfaction.

Event Organizer **College Science Week Annual Participation | 2023 – Present**

- Managed event logistics, coordinated with speakers and participants, and enhanced overall event experience for attendees.
